

2025-26AY Undergraduate Progression Rules FAQs

2025-26 学年本科生升级规则常见问答

Terminology 专业术语:

- **Stage 年级**

Formerly referred as 'Year', Stage refers to each of the four tiers in the four-year undergraduate programme structure. An undergraduate degree programme at XJTLU normally involves four stages of studies.

现行政策下，将用“Stage”代替原语境下的“Year”，用来表述四年制本科专业中学生所注册的年级。西交利物浦大学本科专业通常包含四个阶段的学习，为期四年。

- **Level 等级**

Level is a term used to label the modules offered in different stage of studies. Undergraduate modules are labeled as levels 0-3, offered at Stages 1-4. Normally the first digit of the module code refers to the module level, e.g., SPA002 - Level 0 which is normally offered at Stage 1; ARC207 - Level 2, which is normally offered at Stage 3.

Level 是用于标记不同年级修读的课程等级。本科生的课程分为 0 至 3 共四个等级，依次分别在 1 至 4 年级开设。通常情况下，课程代码中第一位数字即代表该课程的等级（比如 MTH004 - 0 级课程，通常在一年级开设；ARC207 - 2 级课程，通常在三年级开设）。

- **Degree Required Module 学位必过课程**

A module which must be passed in order to be eligible for the award of Chinese Degree of XJTLU and/or the University of Liverpool (UoL) Honours Degree, among which, there are three specific types which are marked in relevant programme specifications (if applicable) as the following codes:

D1: must be passed in order to be eligible for the XJTLU Degree Award

D2: must be passed in order to be eligible for the UoL Honours Degree Award

D3: must be passed in order to be eligible for the XJTLU Degree and UoL Honours Degree Awards

该类课程是指必须考核通过才能获得西交利物浦大学学位和/或利物浦大学荣誉学位授予资格的课程。

在专业教学计划中，该类课程被细分为以下三个类型并做相应标记：

D1: 必须通过该类课程以获得西浦学位授予资格

D2: 必须通过该类课程以获得利物浦大学荣誉学位授予资格

D3: 必须通过该类课程以获得西浦学位以及利物浦大学荣誉学位授予资格

- **Mandatory Module 强制性通过课程**

A module to which the Compensatory Pass (CP) rule (Ref. Q2 in FAQs below) does not apply.

CP 规则（参考下文常见问答中 Q2）不适用于该类课程。

- **Co-curriculum Module 联合课程**

As specified in the programme specification, in addition to the degree programme modules, students are required to take and/or pass some additional learning modules, displayed as co-curriculum modules in the XJTLU transcript. The co-curriculum modules have no impact on progression.

各专业教学计划中规定学生除专业架构内的课程外，还需要额外修读及/或通过一些课程，在西浦成绩单上显示为联合课程。联合课程的挂科与否对升级结果没有影响。

For undergraduate students from Chinese Mainland who were admitted through the Gaokao: students admitted in the 2022-23 academic year and thereafter are required to take CCT007 and CCT009, as well as passing CCT012 as a Chinese degree required module; whereas those admitted in the 2024-25 academic year and thereafter are also required to take CCT013, and to pass CCT101 as a Chinese degree required module.

对于通过高考录取的内地本科学生：在2022-23学年及之后入学的，需要修读CCT007及CCT009，同时为获西浦学位授予资格，必须修读并通过CCT012；而在2024-25学年及之后入学的，还需要修读CCT013，同时为获西浦学位授予资格，还必须修读并通过CCT101。

For international undergraduate students admitted in the 2022-23 academic year and thereafter, they are required to pass CCS901 as a Chinese degree required module.

在 2022-23 学年及之后入学的国际本科学生，为获西浦学位授予资格，必须修读并通过 CCS901。

Furthermore, undergraduate students admitted in the 2023-24 academic year and thereafter are required to take LIF001 in their Stage 1 of Study; whereas those admitted in the 2024-25 academic year and thereafter are also required to take XPU001 and XPU002 in their Stage 1 of Study.

此外，在 2023-24 学年及之后入学的本科学生，大一时需要修读 LIF001；而在 2024-25 学年及之后入学的本科学生，大一时还需要修读 XPU001 及 XPU002。

Note 注意:

To qualify for a Chinese degree from XJTLU upon graduation, all international students must achieve a Chinese proficiency level equivalent to at least HSK 4 via passing designated Chinese language modules under the curriculum/Extended Study Scheme (ESS), or passing the HSK 4 test directly.

国际本科学生为获西浦学位授予资格，还必须修读并通过指定的、等同于中国汉语水平考试四级的中文课程（课程会包含在专业架构内/安排为辅修课程），或直接通过中国汉语水平考试四级考试。

Student Type	Stage of Study	Module Code	Cohort	Chinese Degree Required Module	Progression-related
All	1	LIF001	2023/24 cohorts and onwards	No	No
		XPU001	2024/25 cohorts and onwards		
		XPU002			
Chinese Mainland	1	CCT007	2022/23 cohorts and onwards	No	
		CCT012		Yes	
		CCT013	2024/25 cohorts and onwards	No	
	2	CCT009	2022/23 cohorts and onwards	No	
		CCT101	2024/25 cohorts and onwards	Yes	
International	2	CCS901	2022/23 cohorts and onwards	Yes	

- **Maximum Registration Period 最长注册年限**

The maximum period of registration for undergraduate students is 8 years which includes periods of re-registration at the same stage of study and suspension of studies.

本科生最长注册年限为 8 年，包含重修学年以及休学学年。

FAQs 常见问题

1. What are the progression criteria?

升级规则是什么？

The below progression criteria apply to students enrolled at Stages 1, 2 and 3 on the premises that Compensatory Pass (CP) has been applied.

在考虑补偿性通过（CP）规则是否适用后，以下升级规则应用于大一至大三年级的学生。

1) Full progression (FP) 完全升级

After final assessments in Semester 2 or re-sit assessments, if you pass all the modules of your programme of the currently enrolled stage and the previous stage(s), you will progress to the next programme stage.

在第二学期期末考试或补考后，如果你通过了当前注册年级以及之前年级的所有课程，你将升级至下一年级学习。

2) Progression with trailed module(s) (PT) 带课升级

After re-sit assessments, if you fail no more than 10 credits (≤ 10) of module(s) of your current programme stage and the previous stage(s), you will be allowed to progress to the next programme stage with failed module(s).

补考后，如果你在所有当前年级以及之前年级的课程中，不及格课程的学分总数不超过 10 学分(≤ 10)，你将被允许带着不及格的课程进入下一年级学习。

3) Progression pending (PP) 暂缓升级

After re-sit assessments, if you fail more than 10 credits (>10) of modules of the current stage and the previous stage(s), you will stay at the currently enrolled stage.

补考后，如果你在所有当前年级以及之前年级的课程中，不及格课程的学分总数超过 10 学分 (>10)，你将留在当前年级学习。

Note 注意:

- Co-curriculum modules have no impact on progression, and CP rules do not apply to co-curriculum modules.
- Marks achieved at the second or subsequent attempts will be marked with a * on your transcripts and will be capped at 40% for the purpose of degree classification of University of Liverpool (UoL) Honours Degree.

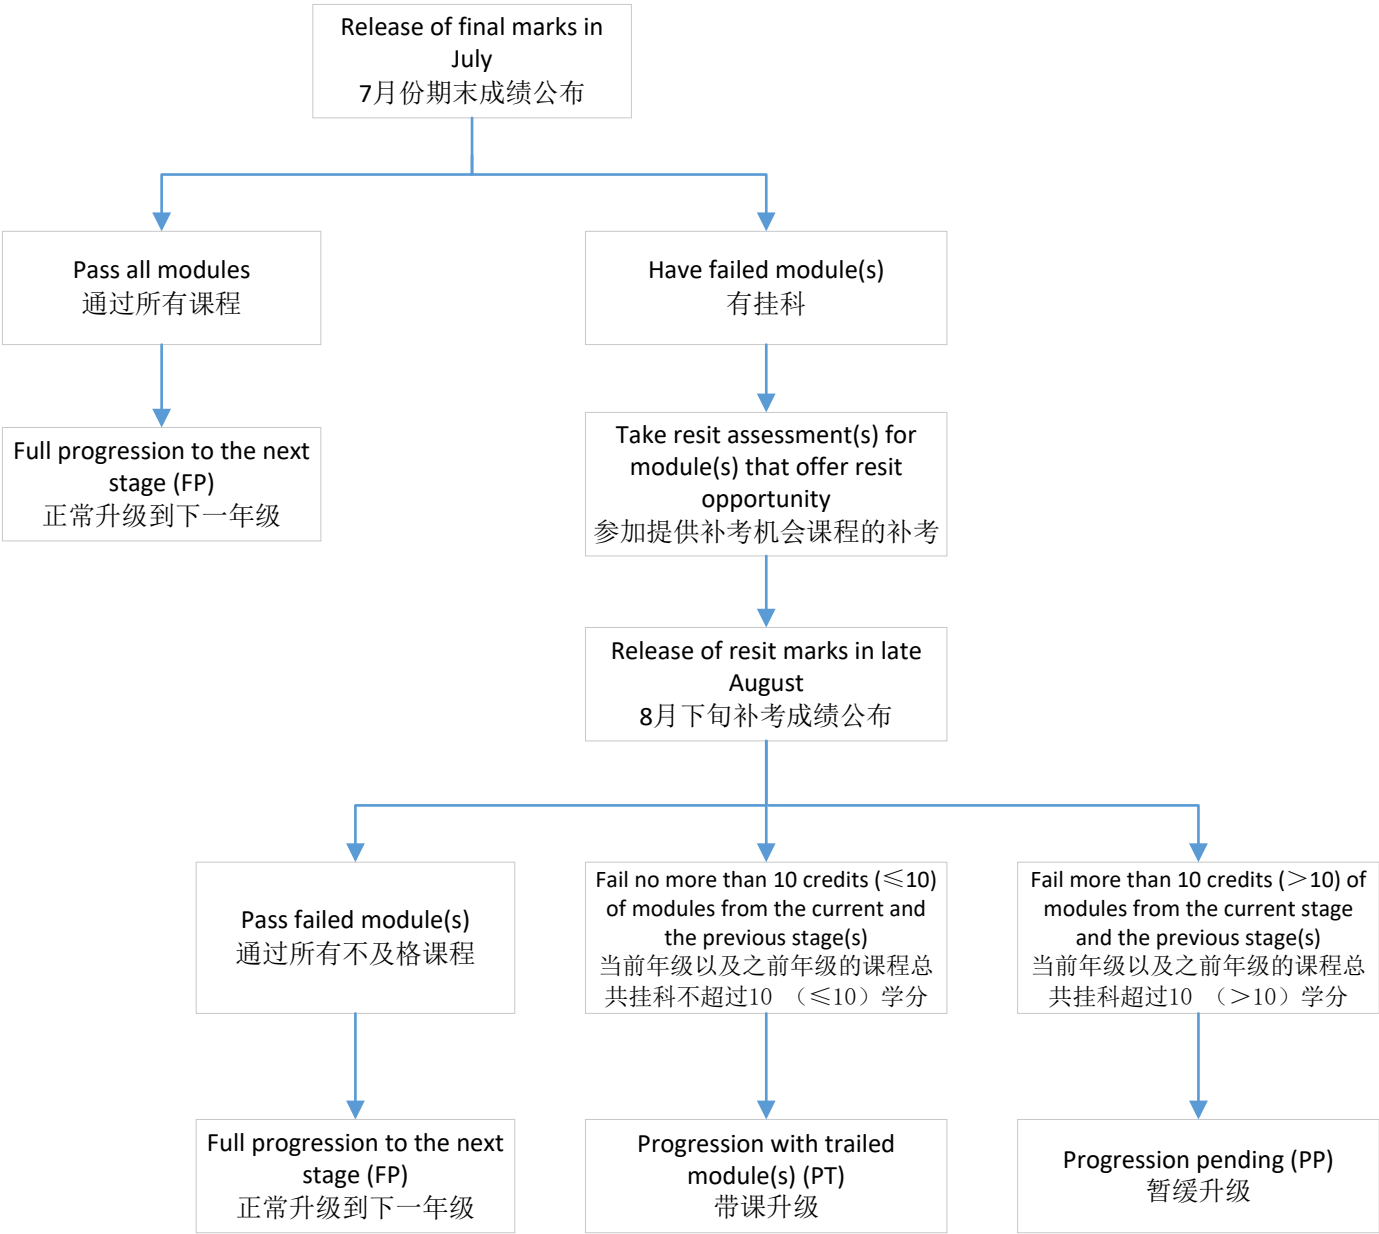

联合课程挂科不影响升级结果，因此 CP 规则也不适用于联合课程。

补考或重修取得的成绩在成绩单上会标注星号*；在计算学位等级时，补考或重修通过的成绩将以 40 分计算。

The flowchart in *Appendix 1* can be referred to regarding how progression rules are applied to your stage of studies.

关于升级规则如何适用于你当前学年的学业结果，请参考 Appendix 1 中的流程图。

Appendix 1.

2. What are the criteria of Compensatory Pass (CP)?

补偿性通过（CP）的规则是什么？

CP rules will be applied to the modules of Stages 1, 2, 3 and 4 (except mandatory modules and co-curriculum modules) after the semester 2 final assessments and the summer re-sit assessments when all the modules of the same stage of study have been taken. The criteria of CP are:

CP 规则适用于大一到大四的课程（强制性通过课程及联合课程除外）。当你修读完同一个年级的全部课程，在第二学期期末考试以及暑假补考后，CP 会被考虑。具体规则如下：

- a. achieve a minimum mark of 35% in all modules of the same stage, among these, if there is a level 4 module, achieve a minimum mark of 40% in that module; and
同一个年级所有课程的分不低于 35 分，若其中包含 level 4 的课程，那么此类课程的分须不低于 40 分；且
- b. achieve at least a pass mark (the pass mark is 40% in level 0-3 modules and 50% in level 4 modules) in modules amounting to 37.5 credits in Stages 1 and 2 separately, and 30 credits in Stage 3 and 4 separately; and
针对大一和大二年级，当前年级及格课程的学分数必须达到 37.5 个学分，针对大三和四年级，当前年级及格课程的学分数必须达到 30 个学分（level 0 – 3 课程的及格分为 40，level 4 课程的及格分为 50）；且
- c. achieve an overall year weighted average of at least 40% calculated by all modules of the same stage.
同一个年级课程的加权平均分达到 40 分。

If you meet the above criteria, the module marks in the compensatory range (35%-39% for level 0-3 modules, 40%-49% for level 4 modules), except mandatory modules and co-curriculum modules, will be recorded on your transcript as pass (i.e., 40% for level 0-3 modules, 50% for level 4 modules).

如果你达到上述 CP 条件，成绩在 35-39 分之间的 level 0-3 课程及/或成绩在 40-49 分之间的 level 4 课程（强制性通过课程及联合课程除外）将视作补偿性通过。补偿性通过的课程在成绩单上将被记录为及格，即 40 分（level 0-3 课程）或 50 分（level 4 课程）。

The flowchart in *Appendix 2* shows how CP rules are applied to the modules you have taken.

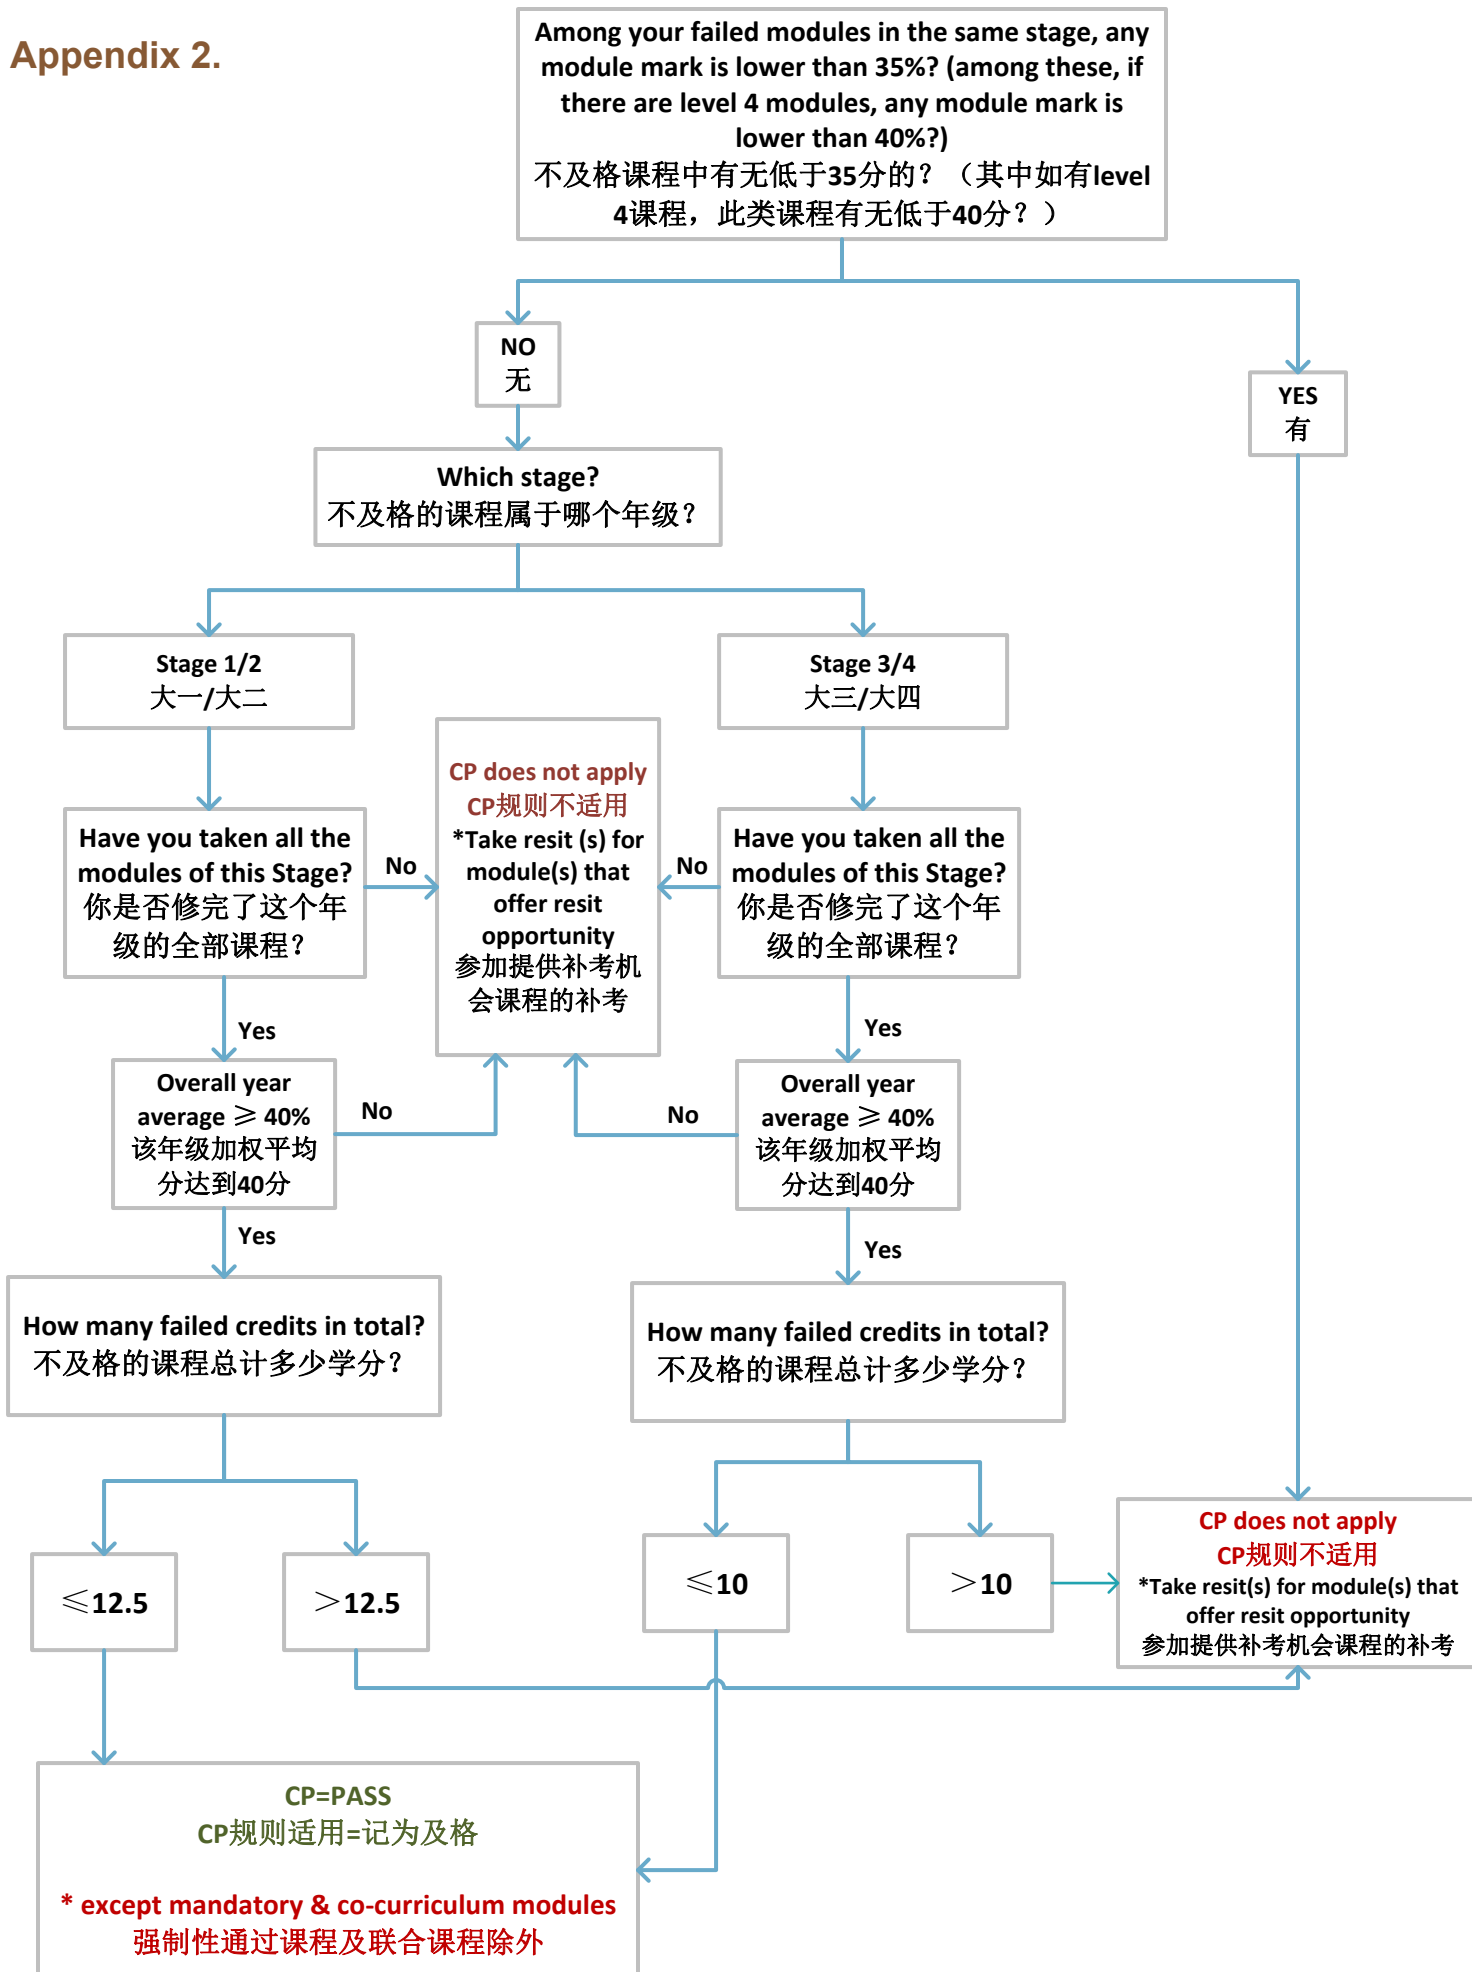

Appendix 2 中的流程图展示了 CP 规则如何用于你所修读的课程。

Note 注意:

If you submit a Mitigating Circumstances (MC) application and are granted an authorized absence from the final exams, the CP rules will not apply until the results of the re-sits are available. For detailed information on MC, please refer to the ***Mitigating Circumstances Policy***.

如果你针对期末考试申请了减轻情节（MC）并被批准缺考，那么 CP 将仅在补考后被考虑。关于 MC 的详细内容，请参阅**减轻情节政策**。

Appendix 2.

3. How can I plan my studies for the next academic year in accordance with different progression results?

根据不同的升级结果，我可以如何规划自己在下一个学年的学习？

Before you start to plan your studies for the next academic year, please note that there is a maximum credit load for degree programme modules of each stage, i.e., 50 credits each at Stages 1 and 2, 40 credits each at Stages 3 and 4. Normally the total credits to be taken should not exceed the maximum credit load of the stage.

请注意，每个年级都规定了专业架构内修读学分总数的上限：大一及大二年级分别为 50 学分，大三及大四年级分别为 40 学分。通常你在新学年修读的课程学分总数不能超过所注册年级的学分上限。

If you fail CCT007/CCT013/CCT009/LIF001/XPU001/XPU002 after the re-sit assessments, normally you will not be automatically enrolled in these module(s) in the subsequent academic year unless you submit a request via e-Bridge to retake them during the designated time period after the re-sit marks release.

若你在补考后仍未通过 CCT007/CCT013/CCT009/LIF001/XPU001/XPU002，原则上你不会被安排重修这几门课程，但若你想要重修，可于补考成绩公布后的规定时间段内，通过 e-Bridge 选择在下一学年重修这几门课程。

For international students or students admitted through Gaokao, if you fail CCS901/CCT012/CCT101 after the re-sit assessments, it is mandatory for you to retake the respective module in the subsequent academic year.

对于国际学生或通过高考入学的学生，若你在补考后仍未通过 CCS901/CCT012/CCT101，则必须在下一学年重修该课程。

1) If your progression result is **Full Progression (FP)**

- You will take:

All/the remaining modules of the corresponding level in the next stage.

And if you still have not reached the maximum credit load of the stage

- You can choose whether to take:

Modules from the immediate next stage of which prerequisites have been met and where the credit load and timetables permit

如果你的升级结果为 **完全升级至下一年级 (FP)**

- 你将在新学年修读：

全部/尚未修读的下一个年级的课程

若你将修读的下一个年级的课程学分总数没有超过该年级规定的学分上限

- 你可以选择是否要：

继续跨一个年级修读部分课程（前提条件：修读的所有课程学分总数不会超过所注册年级学分上限，课表安排允许，且满足相关课程先修课要求等）

2) If your progression result is **Progression with Trailed Modules (PT)**

- You will take:

The modules you failed in the previous academic years as well as those ones that not yet taken in the next stage of which prerequisites have been met.

如果你的升级结果为 **带课升级至下一个年级 (PT)**

- 你将在新学年：

重修上一学年未通过的课程以及修读尚未修读的下一个年级的课程（需满足相关课程先修课要求）

3) If your progression result is **Progression Pending (PP)**

- You will take:

The failed modules of the corresponding level in the current and/or previous stage

And if you still have not reached the maximum credit load of the stage

- You can choose whether to take:

No more than 10 credits (≤ 10) of modules of the corresponding level from the immediate next stage of which prerequisites have been met and where the credit load and timetables permit.

如果你的升级结果为 **暂缓升级 (PP)**

- 你将在新学年留在当前年级重修：

上一学年未通过的课程

若你需要重修课程的学分总数没有超过当前年级规定的学分上限

- 你可以选择是否要：

修读学分总数不超过 10 学分的下一个年级课程（前提条件：修读的所有课程学分总数不会超过当前年级学分上限，课表安排允许，且满足相关课程先修课要求等）

4. How would my tuition fee be charged for the new academic year under different progression scenarios?

根据不同的升级结果，我的新学年学费将如何计算？

1). If your progression result is **Full Progression (FP)** or **Progression with Trailed Modules (PT)**

Tuition fee for the new academic year = Credits taken*Credit value (i.e., 1000 rmb/credit) + Programme Fee of the new stage of study

如果你成功升级至下一个年级学习 (FP/PT)

新学年学费 = 学年总共修读的学分数*每学分费用(1000 元/学分) + 相应年级的专业学费

2). If your progression result is **Progression Pending (PP)**

Tuition fee for the new academic year = Credits taken*Credit value (i.e., 1000 rmb/credit)

如果你需要暂缓升级 (PP)

新学年学费 = 学年总共修读的学分数*每学分费用(1000 元/学分)

Note 注意:

For students who are currently repeating Stage 1 or are registered in Stage 2/3 and successfully transfer to a new undergraduate programme in the subsequent academic year, you will be subject to fee assessment for the new programme, which includes Programme Fees and Credit Fees. For detailed information of the Credit Value and Programme Fee for each stage of your programme, please refer to the **XJTLU Student Fees Policy**.

对于当前正在重修大一，或已升入大二或大三的学生，如果在新学年转入新的本科专业，其新学年学费将依据新专业进行核算，包括新专业的专业学费及相应的学分费用。关于各专业的学分费用和专业学费明细，请参阅**西交利物浦大学学生学费政策**。

Useful Tools 实用工具:

1. How to check the re-sit opportunity and assessment information of a module? 如何查询课程有无补考方案及考试形式等信息?

Module Specification: Programme and Module page of e-Bridge

在 e-Bridge - Programme and Module 页面的 Module Specification (课程教学大纲) 中可查询某门课程有无补考方案及考试形式等信息。

Assessment

Initial Assessment

Sequence	Assessment Type(EXAM or CW)	Method	Learning outcomes assessed(use codes under Learning Outcomes)	Duration ³	% of Final Mark	Resit(Y/N/S) ⁴
001	CW	Coursework	ABCDE		10	S
002	EXAM	In-Semester Examination	AB	1 hours	10	S
003	EXAM	Final Exam	ABCDE	2.5 hours	80	S

Resit Assessment

Assessment Type (EXAM or CW) ⁵	Learning outcomes assessed (use codes under Learning Outcomes)	Duration	% of Final Mark
EXAM	ABCDE	2.5 hours	100

The resit assessment will assess all of the learning outcomes of the module, and will be weighted as 100% of the final module mark. Other components of the assessment, regardless of whether or not the student passed or failed, will not be included in the calculation of the final module mark, following resit assessment.

2. How to check the Mandatory and Degree Required Module information of a programme and the Pre-Requisites of a module?

如何查询课程性质 (如是否为强制性通过课程或学位必过课程) 以及课程的先修课要求?

Programme Specification: Programme and Module page of e-Bridge.

在 e-Bridge - Programme and Module 页面的 Programme Specification (专业教学计划) 中可查询到该专业课程中哪些课程是强制性通过课程或学位必过课程, 以及课程的先修课要求等信息。
